

Programa de Ayuda Financiera

El Hospital General de Tampa presta los servicios médicos necesarios sin importar la habilidad del paciente para pagar. Nosotros participamos en todos los programas patrocinados por el gobierno que están disponibles para ayudar a los pacientes a pagar por servicios médicos. Pacientes que sean admitidos al hospital y no tengan seguro de salud o su seguro sea deficiente podrán calificar para ayuda financiera o servicio de caridad. A los pacientes sin seguro de salud se les dará esta guía y un estimado de los costos antes de su admisión, si los solicitan. (Estatutos de la Florida Sección 395.301(7) y (8).

La calificación para ayuda se basa en las Guías Federales de Índice de Pobreza. Nuestro personal de Asesoría Financiera está disponible para ayudar a los pacientes a través del proceso de calificación. Las siguientes guías se utilizan para determinar el monto de la ayuda financiera que un paciente recibe. Los bienes personales del paciente y el costo de los servicios médicos se toman en consideración para determinar el nivel de asistencia. Los pacientes deberán presentar información a los consejeros financieros del Hospital General de Tampa con el fin de determinar la elegibilidad a ayuda financiera o servicios de caridad.

- **Caridad:** No se le cobrarán los servicios si sus ingresos anuales están entre 0 y 200% del Nivel Federal de Pobreza. La elegibilidad para servicios de caridad tendrá efectividad por seis meses a partir de la fecha en que se determine la elegibilidad.
- **Caridad Catastrófica:** No se le cobrarán los servicios si sus ingresos están por debajo de 400% del Nivel Federal de Pobreza y sus costos de hospital son más del 25% de sus ingresos anuales.
- **Descuento de Nivel 1 por Falta de Seguro:** Si sus ingresos anuales están entre 200 y 400% del Nivel Federal de Pobreza, lo que usted deberá al hospital será equivalente a lo que nosotros esperaríamos recibir de un plan promedio de Medicare o de seguro de salud administrado.
- **Descuento de Nivel 2 por Falta de Seguro:** Si sus ingresos anuales son más de 400% del Nivel Federal de Pobreza, lo que usted deberá al hospital será equivalente a 115% de lo que nosotros esperaríamos recibir de un plan promedio de Medicare o de seguro de salud administrado.

La ayuda financiera no se aplica a los siguientes servicios o responsabilidades del paciente:

- Procedimientos cosméticos que no son medicamente necesarios
- Saldos pagables por otro seguro (Medicare, Medicaid, Seguro de Vehículo, Worker's Compensation o Seguro de Responsabilidad)
- Dispositivos de Ayuda Ventricular
- Trasplantes
- Procedimientos electivos para pacientes que residen fuera del Condado de Hillsborough, Florida

Suministrar información falsa con conocimiento y con la intención de defraudar a un hospital para obtener bienes y servicios constituye un delito menor de segundo grado, sancionado de conformidad con los Estatutos de la Florida Sección 817.50. Si usted no presenta la documentación exigida, podría ser descalificado para participar en el Programa de Ayuda Financiera del TGH.

Para más información, por favor llame a nuestro Especialista en Ayuda Financiera al (813) 844-8084.

Los siguientes proveedores siguen la política de asistencia financiera del hospital.

Apellido	Nombre	Título	Especialidad
